

ANNOUNCING **LIQUIDCONNECT™** FOR ANDROID

LiquidConnect™ is a mobile application that empowers dealers, independent auto auctions and inspection companies to perform vehicle data collection, update pricing, capture vehicle photos and input vehicle condition data.

GENERAL FEATURES

- Runs on any Jelly Bean (4.1+) Android handheld device; however, we strongly recommend the Samsung Galaxy Camera 16 MP with flash and 21x zoom
- Intuitive touch screen user interface
- Capture vehicle data by scanning VIN, search existing inventory or entering it manually
- Full VIN explosion for correct merchandising of vehicle options and equipment
- Input and update vehicle information including pricing
- Works online or offline - data and photos sync over Wifi or 4G/3G* when connected

RETAIL MERCHANDISING FEATURES

- Capture unlimited vehicle photos
- Print Window Stickers and Buyers Guides to a Bluetooth printer

WHOLESALE MERCHANDISING FEATURES

- Gather Vehicle Condition Data
- Take Damage Photos

LiquidConnect provides a quick and easy solution to gather the vehicle information necessary for merchandising inventory on Internet retail marketplaces and on most major Internet wholesale marketplaces.
