Reliable Direction You Can Trust Retriever Payment Systems values its Platinum Merchants. Whether you are a growing business like us, or an established company in your community, Retriever will provide you with special hardware, software, and services that you need to succeed.

Platinum Service, Platinum Performance *We care.* Retriever found that merchants handling a large volume need special attention and services that are better served through our Platinum Services Department.

Created nearly a year ago, the Platinum Services Group is designed to give these merchants the attention they deserve.

You may need daily reports, software to handle your volume, or just someone who will be familiar with your account and can answer questions. With Retriever, not only will you form a relationship with a company but with a *person* in Platinum Services.

Ask and You Shall Receive With Platinum Services you will have direct access to your account and other information. No need to call your representative. No need to be transferred from department to department.

With one toll-free number you can reach the information to get the job done. Question about a statement? Question about a chargeback? Retriever's Platinum Service representatives are ready to talk directly to you.

Navigating Experience Merchants from all over the country are already processing through Retriever. By joining the Retriever family, you will gain a company who has experience with merchants just like you.

My World isn't Large Not every Platinum Merchant is a large corporation. You may be a company with several locations under one corporate umbrella. By processing all your locations with Retriever, you may qualify as a Platinum Merchant and receive the special attention you have earned.
